6th Grade Immunization Letter

Dear Parents/Guardians,

In accordance with the New Jersey Department of Health, all children born on or after January 1, 1997, must receive one booster dose of Tdap (Tetanus, diphtheria, and pertussis) vaccine and one dose of Meningococcal vaccine. The vaccines are given when your child turns 11 years of age and are **required before the start of 6th grade**. Please provide documentation of proof of vaccination, religious exemption, or scheduled appointment **Prior to the first day of school**. Your child will be excluded from school if your child does not receive these immunizations or provide the necessary information. If you have any questions or concerns, please do not hesitate to contact me. Thank you in advance.

Best Regards,
Jennifer Chiola BSN, RN, CSN
School Nurse
